Dear Mr. Mirza Ismail,

In connection with the visit of H. R. H. the Prince of Wales, I have addressed the officers concerned for preliminary estimates of expenditure. It would probably be useful and necessary for them to know at least roughly the length of stay the Prince is going to make and the places which he may possibly visit, such as the Kolar Gold Fields, Sivasamudram or the Jog.

I shall feel thankful if you will kindly let me have any information on this subject that may be available.

Yours sincerely,

THE PALACE,
MYSORE.
25th July 1920.

My dear Sir,

With reference to your letter dated the 20th July, I beg to return the various estimates furnished by the Heads of Departments concerned, in connection with the forthcoming visit of His Royal Highness the Prince of Wales to Mysore. I beg to enclose a consolidated statement of estimates of expenditure which might be sanctioned. You will see from the statement that the total expenditure need not exceed Rs 2,20,000/-

It is quite possible that a Shooting Camp may have to be arranged either at Bandipur or Karapur, in which case Rs 15,000/- more will have to be sanctioned.

It is true that I told you that two lakhs would, probably, be ample, but then there was no idea of getting both the Imperial Service Lancers and the Transport Corps down to Mysore for His Royal Highness's inspection, as contemplated now. I hope, however, that you will find the estimates all right on the whole.

Yours Sincerely
Mirza M. Ismail

Sir,

In reply to your letter No.G.28030-7/P.P.145-19-7 of the 24th instant calling for an estimate for expenditure on the occasion of the visit of His Royal Highness the Prince of Wales in December next, I have the honor to state that His Royal Highness, as per provisional programme received with your letter under reply, stays in Mysore only a day practically. The catering arrangements will, I think, be made by Government House, as also arrangements, if any at all be required, for transport of kit, if His Royal Highness should visit Krishnarajasagara or Seringapatam enroute to Bangalore.

Under these circumstances, it appears that all that I have to do would be to make Police arrangements, in consultation with the Inspector-General of Police, for guarding the Royal Camp, and roads through which His Royal Highness passes.

However, to meet all possible contingencies, a sum of Rs.1000/- may be placed at my disposal, to be drawn if necessity should arise.

Sir,

With reference to correspondence ending with your letter No.G.28030-7/P.P.145-19-7 dated the 24th June 1920, I have the honour to forward herewith, a copy of the statement showing the rough estimate of cost of works to be carried out in connection with the visit of His Royal Highness the Prince of Wales to Mysore City. It is reported by the Superintending Engineer that these works are proposed in consultation with the Huzur Secretary to His Highness the Maharaja of Mysore.

2. At the instance of the Huzur Secretary to His Highness the Maharaja of Mysore, the Superintending Engineer, Sanitary Circle, has submitted for sanction, an estimate amounting to Rs 22,100 for the installation of hot water apparatus and sanitary fittings to the Government House at Mysore. These works are proposed to be carried out before His Royal Highness the Prince of Wales's visit.

3. In this connection, a copy of letter No.3752 dated the 23rd June 1920 received from the Chief Electrical Engineer regarding the works to be carried out by that Department is herewith forwarded for information and further instructions.

FOR CHIEF ENGINEER OF MYSORE.

T.R.S./3-7.

Letter No.3752 dated the 23rd June 1920 from the Chief Electrical Engineer to the Government of Mysore, to the Secretary to the Government of Mysore, Public Works Department, Bangalore.

With reference to your No.P.W.2665 dated 18th June 1920, ---- marked urgent, I have the honour to inform you that before estimates can be prepared and sent up for sanction, it is necessary for me to have a programme showing the places His Royal Highness the Prince of Wales will visit and also to know the streets along which he --- would proceed in procession while in Bangalore and Mysore City.

2. So far I have not been informed by the Government or by either of the Municipalities of what they intend doing, the Huzur Secretary to His Highness the Maharaja of Mysore is the only officer who has intimated to the Electrical Department the work he wishes to be -- carried out in connection with this business.

3. I understand unofficially, however, that it is proposed to illuminate the Public Offices in Bangalore and to have on top of the building a "Welcome" sign in Electric Lights.

4. I also understand unofficially that ~~His~~ his tour in Mysore State does not include any places outside of Bangalore and Mysore Cities, and such being the case, the work of the Electrical Department ---- resolves itself into a simple question of street and building ----- illumination.

It is not proposed that illuminations on any large scale in Bangalore

5. I would, therefore, recommend that a Committee be appointed to work up a scheme of Illumination at the Railway Station, thence to the place where His Royal Highness will take residence, and along such streets as he is likely to go in procession, and then the ---- estimates will be prepared and sent up.

6. I am, however, having certain estimates for Mysore City ----- prepared, which will be sent up in the next few days.
